60. Finance Minister Approves India's First Sovereign Green Bonds Framework: Finance Minister Approves India's First Sovereign Green Bonds Framework.

What Are Green Bonds:

A green bond is a debt instrument with which capital is being raised to fund 'green' projects, which typically include those relating to renewable energy, clean transportation, sustainable water management etc. A bond is a fixed income instrument that represents a loan made by an investor to a borrower (typically corporate or governmental). Bonds traditionally paid a fixed interest rate (coupon) to investors. Green bonds enhance an issuer's reputation, as it helps in showcasing their commitment towards sustainable development. Green bonds typically carry a lower interest rate than the loans offered by the commercial banks. The Framework comes close on the footsteps of India's commitments under Panchamrit as elucidated by the Prime Minister, Narendra Modi, at COP26 at Glasgow in November, 2021. The approval is fulfillment of the announcement in the Union Budget FY 2022-23 by the Union Finance Minister that Sovereign Green Bonds will be issued for mobilising resources for green projects.
